

HOSTED BY CRRC

Preparing for New Accounting Standards and Major Tax Reform **WORKSHOP**

TUESDAY, SEPTEMBER 12, 2017 | 1 - 4 PM

There have been significant changes to accounting standards which will impact our members. These changes will affect how our members record their revenues, treat their leases and report their covenants to lenders. In addition, with the new White House administration and a republican majority in both houses, there is expected to be major tax reform. Our panel consisting of members of public accounting, industry, and banking will review and discuss these changes. **This workshop will help our members' CFOs, controllers and treasurers be prepared for what's to come.**

Topics Include:

- Accounting updates
- Standards implemented
- Upcoming changes
- Tax updates
- Existing tax laws that impact the waste management industry
- Trump administration tax reform

Presenters:

Paul Tibma, VT Accounting Associates

Beau Barnes, Comerica Bank

Rachel Fletcher, VT Accounting Associates

Jason Reecy, VT Accounting Associates

Roger Williams, Marin Sanitary Service
